- All articles or animals competing for premiums must possess more than ordinary merit. No article or animal deemed unworthy shall be awarded a premium by the judge. Judges may award any grading of premium according to the merit of the animal or article.
- Anyone trying to deceive the management as to the grower of an exhibit, or who shall purchase articles or borrow them and exhibit them in his or her name as having been grown or executed by him or her, shall forfeit all claims as an exhibitor.
- Exhibitors will at times give the necessary personal attention to whatever they have on exhibition during the fair and take entire charge of the same immediately after the close of the fair.
- The greatest possible care will be used by the fair association to prevent loss, theft or injury to any article or animal on exhibition, but in no case shall the fair association become responsible for such loss or injury, should any occur.
- The Wapello County Regional Fair Association while using every precaution will not be responsible for loss or damage to any article or animal. Nor will an officer or employee of the fair be permitted to negotiate insurance or to make any guarantee whatsoever regarding the same. Items from the Agricultural Building cannot be removed until Sunday June 17th at 3:30 p.m. Wapello Hall will be Closed from 3:30 to 4:30 pm and will reopen for removal of items at 4:30 pm. Early removal of items may lead to forfeiture of premiums. Judges decisions are Final.

ATTENTION JUDGES

The special attention to rules by the judges is requested for making awards. Much of the harmony and success of the fair depends upon the accuracy and knowledge of the judges and promptness with which they do their work. No protest against a judge will be considered unless a written statement of reason of protest is signed by the person protesting.

Where there is nothing in a class deserving a premium the judge shall make no awards. Lack of competition shall be no cause for withholding a premium if the animal or article be worthy of it.

Judges will be careful to put on ribbons and denoting proper premiums awarded and see that ribbons and report in entry books agree.

Blue denotes First Premium

Red denotes Second Premium

White denotes Third Premium

Weather conditions and unavoidable accidents or delays will always be considered, in fairness to exhibitors.

No person or persons shall be allowed to see the secretary's books until after entries are closed.

Exhibitors and visitors may have mail addressed in care of the secretary. A post office will be maintained in the secretary's office and exhibitors and others expecting mail may call for same each day.

The executive board reserves the right to withhold any money due for premiums or otherwise pending completed investigation if, in their opinion, such claims are based on false entry, false evidence, misrepresentations, fraud or violation of fixed rules published herein. If, in the opinion of the board, there has been fraud, the board shall, following investigation, withhold all such claims.

SUPERINTENDENTS

Superintendents will supervise the receiving of all property entered for exhibition, see that entry tags and cards are securely attached and attend to the arrangements of such property in a suitable and attractive manner.

In erroneous statements are made, superintendents will make the necessary corrections or cause such to be made in the official entry books before judges have examined such wrongly entered exhibits, but not after such examination.

Superintendents will point out to the judges of awards the articles or animals to be inspected and cause the same to be displayed in their proper places and at the proper time.

The management will consider it a favor if patrons will report any mistreatment or extortions practiced by an employee of the fair or concessionaires. **Do not wait until the fair is over to file a complaint; do it at once.**

Superintendents or officers employing assistants shall keep the name, time, and amount of wages due each person and present that to the secretary with details for payment.

Each superintendent shall exercise great care in preserving and returning committee books upon the entries of awards in them and upon no other authority can premiums be paid.

PROTEST

Protest designed to affect an award must be made by an interested party. Notice must be given to the superintendent of the department before the examination of the protested article or an animal is concluded. A written statement, verified by affidavits, setting forth the reason of protesting, must be filed with the secretary on the day the article or animal is exhibited. A failure to fulfill this requirement will be considered as a waiver of such objectives by the party protesting.

In every case of protest, the protesting party shall deposit with the secretary an amount equal to the amount of premium at the time of making protest. Should the protest be denied, the money will be forfeited to the treasurer of the association.

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only a licensed veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer both, good and not so good, and how live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in FFA events, including but not limited to alcohol, tobacco or drug use. I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this code of ethics, and any other rules of competition of the fair or exhibition as printed in its premium book.
